OFFENSIVE COMPLETE FAILURE

HUNS REPULSED AT ALL POINTS ON THE LINE OF ATTACK

SOUTH OF THE MARNE
GERMANS ARE HALTED

(By Associated Press)
PARIS, July 16 (Official)—The battle continues violently, especially south of the Marne and in the region of Chailion. Except for one sector south of the Marne there is no change in the situation. American and French troops are counter-

attacking magnificently and taking many prisoners.
South of the Marne the Germans have not been able to advance the line beyond Stagnan, Lachapelle, Monthodon, Listeres and south of the forest of Bouquigny. The French in this region have taken a thou-

sand prisoners.
On the front east of Rheims, in spite of terrific fighting during the day and night the enemy has not been able to penetrate the French some defenses.
The German loss in prisoners during the first day was extremely heavy.

FIRST IMPRESSIONS
AMERICAN TROOPS

LONDON TIMES CORRESPONDENT GIVES VIEWS OF U. S. MEN AT FRONT

AMERICAN ARMY, FRANCE—After observing America at war for the past month on a front considerably wider than the half of France, the impressions gathered may have some value. Possibly the divisions with which I have come in contact may represent something slightly over the average of the army, being in certain cases those which have proved quickest at learning their job, and have been able to draw somewhat more largely than their successors on the army nucleus that existed in the states, but, on the other hand, they have had the considerable disadvantage of working as separate units from which the united army of America will not suffer.

OIL LAND LEASE

(By Associated Press)
WASHINGTON, July 16.—Postponement of action until August 26th on the pending oil land leasing legislation, involving the disposition of the California naval reserves, has been determined upon by the congressional conferees.

GERMAN MARSHALS ADMIT DEFEAT
CORPSES CLOG ENTANGLEMENTS
ACCURACY OF AMERICAN ARTILLERY

(By Associated Press)
WITH THE AMERICAN ARMY ON THE MARNE, July 16 (10:45 a. m.)—Word received from the battle front east of Rheims shows the allied defense is not only still holding up all German attempts to advance, but appears to have broken the enemy's spirit. At one point of the

offensive, where American troops are fighting, they organized a small counter attack late yesterday on the flank of a salient established by the Germans and drove them out in short order, but in hot fighting. American troops in this section occupied intermediate positions in the rear of the first lines. The Ger-

mans were allowed to come through, but when they tried to cross open fields and up a slight grade, American machine gunners and infantry, occupying excellent positions, mowed down the advancing ranks, the enemy breaking and retiring in many places. This was on a portion of the front east of Rheims.

LOUD IN PRAISE
OF THE YANKEES

OUR BOYS WERE AN INSPIRATION AND MOST ENCOURAGING FEATURE

(By Associated Press)
LONDON, July 16.—The brilliant contribution of the American troops to the allied defense at Possoy, which figures conspicuously in the battle reports, is made the subject of special mention in the editorial columns of the morning newspapers. "Splendid men," is the description in the Times, while another paper calls the American defense "the most encouraging feature of the day's fighting."

FRANCE PLEASED
WITH THE SMASH

ENEMY ORDERED TO TAKE TWELVE MILES, GAINS ONLY 4000 YARDS

(By Associated Press)
ON THE FRENCH FRONT IN FRANCE (Monday), July 15.—The impression of the results of the first day's battle in the new German smash is very good. Nowhere did the enemy penetrate more than six yards and that only on a small sector in the neighborhood of Marfaix, southwest of Rheims, although orders found on German prisoners announced that the first day they should take twenty kilometers.

SECOND DRAFT BOYS
SAFE FOR A WHILE

According to the secretary of the local exemption board it will not be necessary to call upon any of the second draft boys to make up the quota for the call ordered to entrain next week, for the full number has been found in class 1 men of the first draft. One man is missing and it is expected that he will be heard from before the time of filling. He is McMillan from Pahrump ranch, who left Nye county some time ago to work in California. At the address he gave it was learned that he had gone to San Bernardino and a wire was sent there. The San Bernardino officers could not locate the conscript, but it was thought that a notice which was placed in the local postoffice there would reach him as he is not suspected of hiding.

OFFENSIVE HELD
UP BY RESERVES
OF THE FIRST DAY

(By Associated Press)
LONDON, July 16.—The Germans this morning continued their attacks against the French line in pursuance of their offensive. Information indicates the offensive remains held up and that attacks, up to this morning, had been nearly everywhere repulsed with heavy losses. Advances received at noon said little change had been created by the German offensive. The attacks are conducted by the forces of General von Below and General von Bohm, who are directing operations of the two armies on the left wing of the German crown prince group.

West of Rheims the enemy in very considerable strength at two places by way of the Marne railway and country south of Dormans. In this neighborhood they succeeded in throwing six bridges across the Marne between Reully and Dormans, but at no point on this 25-mile front has the enemy penetrated more than four French positions.

Great numbers of German corpses are hanging on the tangle barbed wire in front of the French positions and all reports state the losses of the Germans must have been exceedingly heavy.

TRAINING STUDENTS
FOR ARTILLERY MEN

(By Associated Press)
CAMP KEARNY, July 16.—Approximately 80 soldiers of the 40th division have been chosen partly through competitive examination, to become students at an artillery officers' training camp at Camp Zachary Taylor, Louisville, Kentucky, and have departed for that station. It was announced here today. The men were required to pass very rigid examinations. They were selected by a special board of officers and have been transferred to the "artillery replacement troops, national army," unassigned. While most of the men were drawn from the artillery regiments here, many other organizations were represented among them.

GOUGH AIR RAID
IN GERMAN EYE

(By Associated Press)
AMSTERDAM, July 16.—A cartoon in the latest issue of the German comic paper Jugend pictures a German air-raid on New York. The scene is a New York roof-garden, from which the sky is shown ablaze with bombs, shrapnel and fighting planes. An American "multimillionaire" is shown escorting his richly-clad wife, who is said to be "shrinking in terror before the apparition in the sky." He reassures her by saying soothingly:

"Well, my dear, you have always been keen on having the latest Parisian novelties. Now you've got them."

The hospital was bombed deliberately. It was full of wounded, and doctors were performing operations at four tables. The operations continued notwithstanding the explosions.

WESTERN PAPER
SOLD TO KAISER

(By Associated Press)
